## A1: Summary of the dependent and independent variables

Category	Variable	Question	Coding
Dependent Variable	Vote for PRRP	Which party did you vote for in that election?	1 = PRRP 0 = Other Party
Main Explanations	Female	Gender as observed by interviewer	1 = Female 0 = Male
	Minority Rights Index	Please tell me how important you think it is for democracy in general... <ul style="list-style-type: none"> <li>- that the rights of minority groups are protected?</li> <li>- that the government protects all citizens against poverty?</li> <li>- that the government takes measures to reduce differences in income levels?</li> </ul>	Range: 0-10 0 = Unimportant 10 = Important
Socio-demographic control variables	Education	Highest level of education (ISCED)	Range: 1-7 1 = Less than lower secondary 7 = Higher tertiary education
	Age	And in what year were you born?	Range: 15-90 years
	Income	Which of the descriptions on this card comes closest to how you feel about your household's income nowadays?	1 = Living comfortably 0 = Finding it Difficult
Alternative Explanation	Immigration	Would you say it is generally bad or good for Switzerland's economy that people come to live here from other countries?	Range: 0-10 0 = Bad for economy 10 = Good for economy
