

Supplementary material:

The visualizations of the questionnaire results shown in Figure 7 of the article are presented here as larger images. The purpose of Figure 7 is to show the types of analyses and visualizations we made for the planners from the questionnaire data. From the visualizations in this supplementary file, it is also possible to explore the individual responses. The responses have been translated into English, and identification information has been removed for these visualizations.

Visualization 1. Visualization of the participants' responses to the question of what the mall will be like in 2030.

Visualization 2. A visualization of participants' responses to the question of what is important at Kontula Mall.
